Ispirandosi ad una storica filastrocca popolare milanese, la collezione Crapa si distingue per le sue forme tondeggianti ed equilibrate. Una collezione dal gusto delicatamente attuale, dove le sfere di vetro si accostano armoniosamente ai dischi di metallo, creando l'accostamento vincente per arredare spazi dai toni naturali o ambienti dai colori vivaci.

Inspired by a historical Milanese folk nursery rhyme, the Crapa collection is distinguished by its rounded and balanced shapes. A collection with a delicately contemporary taste, where glass spheres are harmoniously combined with metal discs, creating the winning combination for furnishing spaces with natural tones or brightly coloured rooms.
